COMPUTER SCIENCE ENGINEER

furqanshaikhofficial1@gmail.com | +91 9611141712 | LinkedIn: furqanshaikh

## SUMMARY

Enthusiastic Computer Science Engineering graduate with strong foundational knowledge in programming languages like C, Java, and Python. Eager to apply technical skills and contribute to innovative projects in software development field.

## EDUCATION

<b>P.A College Of Engineering</b> Computer Science Engineering CGPA: 8.38	Mangalore 2021 - Present
<b>St. Joseph's Pre University College</b> Science Percentage: 75.83%	Karwar 2019 - 2021
<b>St. Joseph's School</b> SSLC Percentage: 88.96%	Karwar 2016 - 2019

## SKILLS

Languages/Frameworks:	C, Java, Python, HTML, Javascript, MySQL
Tools / Platforms:	Git, GitHub, VS Code, Linux

## PROJECTS

<b>Smart Trolley And Billing Automation</b> Designed a Smart Trolley with ESP32, RFID module, RFID cards, and I2C 16X2 for automated product counting and billing, enhancing the shopping experience. Our project secured second place in the miniproject competition.	<i>Micro Controller, Arduino UNO, RFID, C, MFRC522</i>
<b>Recruitment Management System</b> Developed a Recruitment Management System for recruiters and job seekers. Followed agile methodology, incorporated feedback from recruitment experts, and ensured quality through continuous testing.	<i>PHP, MySQL</i>
<b>Student Freebies</b> Developed a mobile app that helps students easily find and access exclusive discounts and free resources across categories like shopping, education, and software. It provides clear details and direct links for each offer. Future updates will include personalized recommendations and user-submitted offers.	<i>XML, Java</i>

## CERTIFICATIONS

- |                                       |  |
|---------------------------------------|--|
| • Java Fundamentals - GLUG PACE       | • Python for Data Science - IBM                |
| • C Programming - Great Learning      | • Front-End Development (React JS) - IEEE PACE |
| • IOT Application Design - Embed Club | • Postman API Fundamentals - Postman           |

## CLUBS AND ACTIVITIES

**IEEE PACE | President**  
**GLUG PACE | Member**

## INTERNSHIPS

<b>CyberSecurity</b> - PACE Campus <ul style="list-style-type: none"><li>Gained hands-on Experience with Foundational CyberSecurity concepts and tools.</li><li>Gained knowledge in Securing web applications, including understanding common vulnerabilities and implementing protective measures.</li><li>Acquired skills in using Linux for CyberSecurity purposes, including command-line operations and configuring security settings.</li></ul>
---

## SOFT SKILLS

Leadership and Management | Effective Communication | Planning and Teamwork | Problem Solving

## LANGUAGES

English | Hindi | Kannada | Urdu | Konkani
